Food and feed safety, innovation
Pesticides and biocides

Technical Meeting on Ethylene Oxide (ETO):

Webex, Thursday 20.01.2022

AGENDA

START OF MEETING:	09H30
A.01 EXCHANGE OF EXPERIENCES WITH THE IMPLEMENTATION OF THE APPROACH AGREED ON 13 JULY 2021¹	
Tour de Table – All Member States to provide feedback on the implementation of the approach agreed on 13 July 2021, addressing in particular the points/questions below:	
<ul style="list-style-type: none">• What are the experiences with domestic and imported food (ingredients and composite products)?• How is the approach applied to products that underwent several processing steps resulting in reduced presence of the ingredient in the composite or processed product in practice? (as an example, in case an ingredient used in a product is used in a composite product that is added to a dish composed again of several ingredients).• What are the experiences with domestic and imported feed (additives, pre-mixtures, feed materials and compound feed).	
A.02	Feedback on 2-chloroethanol from EFSA.
A.03	Other possible questions on implementation raised by Member States.
A.04	Exchange of views on possible next steps.
CLOSING:	16H00 (AT THE LATEST)
