

## **DRAFT AGENDA**

1. Draft Regulation as regards maximum levels for inorganic arsenic in fish and other seafood (SANTE PLAN 2023 1241).
2. Mineral oil hydrocarbons (MOHs) in food:
  - a. Draft Regulation on maximum levels for MOAH in food (SANTE PLAN 2023-2345).
  - b. Draft Recommendation on the monitoring of MOHs in food (SANTE PLAN 2023-2727).
  - c. Draft Regulation on the methods for the sampling and analysis of MOHs in food (SANTE PLAN 2023-2726).
3. Presentation by EFSA of the Risk assessment of small organoarsenic species in food.
4. Control plans on contaminants (Reg. (EU) 2022/931, Reg. (EU) 2022/932)
  - a. Submission of the control plans on contaminants
  - b. Template (xls) – detailed plans of food of non-animal origin
  - c. Minimum control frequencies for certain commodities
5. Update of the performance criteria established by Commission Regulation (EC) 333/2007 for processing contaminants.
6. Discussion on the establishment of maximum levels for 3-MCPD esters and glycidyl esters in foods other than the foods for which a maximum level is already established in Regulation (EU) 2023/915.
7. Acrylamide – Discussion on the
  - a. review of existing benchmark levels
  - b. establishment of benchmark levels for new foods
  - c. establishment of maximum levels

8. Presence of furan in babyfood – Finalisation of the discussion on maximum levels.
9. Polycyclic aromatic hydrocarbons (PAHs). Discussion on the possible setting of or review of existing maximum levels (MLs) in smoked meat and smoked fish, smoked cheese and other relevant commodities.
10. Monitoring of furan-2(5H)-one and benzene-1,2-diol in smoked meat and meat products, cheese and fish and other relevant commodities
11. Monitoring of the presence of Bisphenol A (BPA) in food combined with follow-up investigations on the source of contamination
12. N-nitrosamines in food. Discussion on risk management measures.
  - a. Discussion on a draft monitoring recommendation
  - b. Compilation of good practices to prevent/minimize the presence in food
  - c. Establishment of maximum levels
13. A.o.b.
