Standing Committee on Plants, Animals, Food and Feed
Section *Biological Safety of the Food Chain*
10 December 2026

[redacted]

AGENDA

Section A Information and/or discussion

A.01 Presentation by Norway of the revised version of the Norwegian Salmonella Control Programme for live animals and meat from cattle and pigs

A.02 EU coordinated action GoldFish (Coordinated action to assess potential fraudulent practices affecting the composition, labelling and net quantity of selected fishery products): preliminary results and next steps

A.03 Presentation of the revised list of approved facilities for the treatment of foods and food ingredients with ionising radiation in the Member States (According to Article 7 (4) of Directive 1999/2/EC of the European Parliament and the Council on the approximation of the laws of the member states concerning foods and food ingredients treated with ionising radiation)

A.04 Presentation of the revised list of Member States' authorisations of food and food ingredients which may be treated with ionising radiation (According to Article 4(6) of Directive 1999/2/EC of the European Parliament and of the Council on the approximation of the laws of the Member States concerning foods and food ingredients treated with ionising radiation)

Section B Draft(s) presented for an opinion

B.01 Exchange of views and possible opinion of the Committee on a draft Commission Implementing Regulation amending Implementing Regulation (EU) 2021/405 as regards the lists of third countries or regions thereof authorised for the entry into the Union of consignments of certain animals and goods intended for human consumption in accordance with Regulation (EU) 2017/625 (PHS)

The purpose is to amend Implementing Regulation (EU) 2021/405 for listing third countries or regions to enter the Union products of animal origin.

(PLAN/2026/1962)

Legal Basis: Regulation (EU) 2017/625 - Articles 127(2) and (4)

Procedure: Examination procedure

Section C Draft(s) presented for discussion

C.01 Exchange of views of the Committee on a draft Commission Implementing Decision laying down harmonised technical rules for the implementation of a coordinated monitoring and reporting of antimicrobial resistance in certain bacteria isolated from aquaculture animals (MP)

This draft aims to establish the technical requirements for conducting a baseline survey on AMR in bacteria isolated from aquaculture animals, in alignment with EFSA technical specifications.

(PLAN/2025/1779)

Legal Basis: Directive 2003/99/EC - Articles 7(3) and 9(1)

Procedure: Examination procedure
